

Not all applicants qualify for our programs, most of the grants are based on the total income for each household. To speed up the process please bring proof of your income for one month. A copy of your arrears/eviction notice whether its rent or mortgage or disconnection for utilities. Please note all adults (18+) will have to sign all ROI's

Please feel free to call our office and speak to one of our case managers if you have more questions.

Homeless Resources Program

Who we are:

We are a team comprised of people who have been through struggles ourselves with eminent danger of being homeless or having been homeless, recovering from addiction(s), or being a family member of a veteran.

FHPAP

Family Homeless Prevention and Assistance Program

This program is designed to assist families with children, single adults, and youth who are homeless or at imminent risk of homelessness.

What we provide:

Prevention: Homeless Prevention is a set of strategies to assist people in maintaining permanent housing and/or divert from entering the homeless system. Homeless prevention includes basic and short-term services and/or financial assistance to help resolve an immediate housing crisis. FHPAP services and financial assistance can be integrated with other mainstream services to address more long-term needs.

Rapid-Re-Housing: Rapid Re-Housing (RRH) is a time-limited intervention intended to house families or individuals experiencing homelessness quickly as possible. The level of case management and financial assistance is based on a client's progressive engagement where the minimum number of services is provided before increasing support to meet the household's needs. In some case, households with more severe barriers to housing may require more service intense resources.

Case Management: is a short-term (one-time to three-months) dependent on the level of need they require; most clients need a minimal supportive service to quickly help families or individuals. FHPAP services and financial assistance can be integrated with other mainstreams services to address more long-term needs.

SOR

State Opioid Response

The SOR program offers Case Management and other housing-related services to individuals and families who are homeless or doubled-up, and that have a household member who has used opiates in the past or present.

The goals of the program are to help clients find and maintain housing, reduce the harm from their use and associated behaviors, and help people get into treatment when they are ready. The program also offers these supports to people currently in treatment for opiate use.

Some of the types of assistance available are:

Housing Search; Deposit and rent; Utility Deposit; ID/Birth Certificate; Transportation; Food; Hygiene Supplies

HYA

Homeless Youth Act

Assists youth ages 16 to 24 years old that are at risk, transitioning from out-of-home placements, currently or previously homeless, youth experiencing abuse & neglect, conflicts with parents due to alcohol or drug dependency, parents that have mental health concerns, or disabilities, and youth runaways.

Some services we assist with are: helping families with reunification, conflict, or mediation counseling, assist in obtaining temporary emergency shelter, assistance in obtaining food, clothing, medical care, or mental health counseling. We also educate and refer clients out regarding violence, sexual exploitation, substance abuse, sexually transmitted diseases, and pregnancy. We try to engage the youth with referrals to other agencies, assist with education, employment and living skills.

LTHSSF

Long-term Homeless Supportive Services Funds

LTHSSF provides extreme case management, and helps the clients come up with a service plan that consists of goals, and ways to obtain housing and keep it. We help clients search for housing, apply, and refer out any other needs if necessary. We cover the expenses of application fees, and background checks. We provide LTHSSF clients with emergency food, hygiene, gas vouchers, transit passes.

Significant Risk-Long Term Homeless includes households that are currently homeless or recently homeless with members who have been previously homeless for extended periods of time and are faced with situations or sets of circumstances likely to cause the household to become homeless in the near future. Long Term Homeless can also be utilized for members that have previous homeless persons who will be discharged from correctional, medical, mental health, or treatment facilities who lack sufficient resources to pay for housing and do not have a permanent place to live.

Eligibility includes persons including individuals, unaccompanied youth, and families with children who lack a permanent place to live continuously for a year or more and have at least four episodes of homelessness in the past three years. This excludes periods of institutionalization, incarceration, and transitional housing when determining a length of time.

VASH

Veteran's Affairs Supportive Housing

The Tribal HUD - Veterans Affairs Supportive Housing program (VASH) will provide rental assistance and supportive services to Native American Veterans who are Homeless or At Risk of Homelessness living within but no further than 20 miles from the LLBO Reservation borders.

Selection for the Tribal HUD VASH program will be based on the applicant's eligibility, such as veteran's status and homeless or "at risk" status, and will be targeted toward those most in need, such as veterans who are chronically homeless, unsheltered, and in need of case management services.

A VA Case Manager will facilitate and provide intense case management with an emphasis on independent living skills and employment/educational goals; behavioral health and primary health issues; chemical dependency treatment; domestic violence counseling and parenting support as appropriate.

ESP

Emergency Services Program

The Emergency Services Program assists families and single adults by providing emergency shelter through hotel/motel vouchers through the LLHA available vendors; but limited and not to exceed 2-5 days/nights for qualifying client and under extreme circumstances, e.g., house fire, domestic abuse, extreme weather conditions.

All avenues of shelter must be exhausted to be eligible. Along with vouchers, the ESP Program provides emergency food through the LLHA Pantry, hygiene supplies, and assists with any transportation or costs to places of shelter as needed.

Ask the Homeless Resource Program for more information.
